**Definition of Leadership:** Leadership is the art of influencing and directing others in a way that will earn their obedience, confidence, respect, and loyal cooperation in achieving a common objective.

**Definition of Military Discipline:** Military Discipline is the mental attitude and state of training which renders obedience instinctive under all conditions. It is founded upon respect for and loyalty to properly constituted authority.

**Value of Drill and Ceremonies:** On the drill field, the individual learns to participate as a member of a team, to appreciate the need for discipline, that is to obey orders promptly and precisely, to respond to authority, and to recognize the effects of their actions on the group as a whole.
